

▶ You're invited to these **FREE** community events:

Retrofitting Suburbia for 21st Century Challenges

Come learn about redesigning our communities into more walkable and more engaging places.

Ellen Dunham-Jones is a professor of architecture at the Georgia Institute of Technology where she coordinates the MS in Urban Design. A leading authority on sustainable suburban

redevelopment, she is co-author of *Retrofitting Suburbia: Urban Design Solutions for Redesigning Suburbs*. Her research intersects trends in contemporary theory, health and real estate development, and has been featured in *The New York Times*, TED, PBS and NPR.
